EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

8. (New) An apparatus as claimed in claim 1, wherein a compression moulding volume in which the plate is compressed is defined between the compression moulding surfaces,

wherein the injection moulding chamber is formed in one of the half moulds, is recessed with respect to the compression moulding surface of the half mould in which it is formed and is open into the compression moulding volume; and

wherein the spacer means extend from a bottom surface of the injection moulding chamber and project into the compression moulding volume.

This application is in condition for allowance except for the presence of claims 5-7 directed to invention non-elected without traverse. Accordingly, claims 5-7 been cancelled.
